

A hand is pointing towards the center of the image, which is overlaid on a hexagonal grid pattern. The background is a blurred image of a person's face. Various icons are scattered across the grid, including a group of people, a gear with a hand, a shopping cart, a truck, a person sitting, a house, a bar chart with a gear, and a circular arrow around a gear.

ENSURE YOUR PRODUCTS ARE ALWAYS OPERATING AT PEAK PERFORMANCE WHEN YOU NEED THEM THE MOST.

Devices and equipment might face damages and accidental incidents during their lifecycle, thus compromising the continuity of your operations and generating unpredicted costs.

**EaseOfCare** programs help you to maximize the availability of your product while protecting your investment by providing the fastest and fully-trusted repair service.

Depending on how much you want to keep the unpredicted cost under control and how quick you want the device to be up and running again, we offer the program that fits your needs.

		Expected Turnaround time (repair working days**)					
		1	2	3	4	5	10

	WARRANTY EXTENSION Factory defects only					Warranty extension	Flexi Warranty extension

\* Excluding abuse

\*\* Since when the device is shipped to DL repair center

**Comprehensive** programs fully protect your investment against any accidental damages, ensuring the highest level of cost control.

**Warranty Extension** programs reduce the risk of extra cost beyond the standard warranty period.

**3 and 5-Year options** are available at the time of product purchase, with the possibility of annual renewal.

EaseOfCare for Mobile Android devices include **Datalogic Shield** for software and security updates.

Easily create and track the status of your repair request through our [WebRMA tool](#).
