

Industrial Printing Solutions

TSC Auto ID & Printronix Auto ID industrial grade printers provide the best solution for high-volume, high-quality printing in support of a wide range of industries and applications. Genuine Supplies are a crucial component of this solution. We understand the important relationship between the printer and the media in terms of print quality, print speeds and efficient, cost-effective functionality.

By choosing Genuine Supplies, the guesswork is taken out of your choice of supplies.

Are you looking for a perfect match and “No-Worry” reliability? You’ve found it with Genuine Supplies.

Applications

- Shipping and Receiving
- Inventory Management
- Order Fulfillment
- Cross Docking
- Asset Identification
- Compliance Labeling
- Track and Trace
- Work-in-Process Labels
- Reverse Logistics
- Chemical Drum Labeling
- Pallet Labeling

Helpful Tip

Matching the proper ribbon formulation to your label material is the most important step in making sure your thermal transfer printing operation is successful. Your Genuine Supplies Expert can recommend the correct ribbon product for your application and will be more than happy to send a free sample of any ribbon formulation we offer for testing.

Industrial Printing Solutions

Thermal Transfer Label Rolls

8.0" maximum outside diameter rolls | 3.0" inside diameter core | Permanent adhesive (acrylic)

For use in the following TSC Auto ID printers:

Up to 4" label width ME240, ME340, MX240, MX340, MX640, TTP-2410M, TTP-246M, TTP-344M, TTP-346M, TTP-644M, MH240, MH240T, MH240P, MB240, MB240T

Up to 6" label width TTP-2610MT, TTP-268M, TTP-366M, TTP-368MT, TTP-286MT, TTP-384MT

For use in the following Printronix Auto ID printers:

Up to 4" label width T6000 (4" model) T4000 (4" model), T8000 (4" model)

Up to 6" label width T6000 (6" model), T8000 (6" model)
