

BarTender® Maintenance & Support

Global protection for your labeling investment

Your success is dependent on your output. With our industry-leading global support team, you receive expert assistance personalized to your needs to ensure business continuity and maximize the return on investment of your labeling.

Why Businesses Choose Premium Support

- Labeling is mission-critical to company success
- Operate outside of conventional business hours
- Design and print labels in regulated environments
- Need faster responses than offered in Standard Support

Maximized uptime

Our global support experts provide timely responses to resolve issues quickly and mitigate potential disruptions, along with add-on advanced services for mission critical environments.

Speedy implementation

We expand your in-house resources with quick access to technical experts who can assist with licensing and activation and online resources that can help you set up and configure your new labeling solution.

Personalized, expert assistance

We provide the industry's most personalized support. Access live support via email, phone, and chat in your preferred language around the world. Available 24/7/365 support add-on for mission-critical assistance anytime.
