

**ABOUT TIMES-7**

Times-7 is a high-tech company specialising in the design and manufacture of RAIN (UHF) RFID antennas, based in Lower Hutt, New Zealand. We export all over the world either direct or through our distributor, authorized reseller and integrated solutions provider network. Our brand is well-established in the global RFID market, and we are known for high quality and reliability, as well as our significant RF expertise.

Founded in 2006, Times-7 has developed the largest portfolio of fixed RAIN RFID reader antennas. As well as standard antennas for all applications, Times-7 also offers a custom antenna development service, when the requirements are not fully satisfied by our catalogue antennas.

Times-7 provides Mounting Plates for a wide range of antenna models. All Mounting Plates with industry-standard VESA mount (100 x 100 mm) have been designed with installation simplicity in mind and cater for both interior and exterior mounting requirements under all environmental conditions.

For the **mechanical drawings** of the Mounting Plates, please refer to the antenna datasheet linked in the table below.

**Order information** for the Mounting Plates per antenna model can be found in the table below.

Antenna Model	Part Number
<a href="#">A6031/B6031</a>	71631
<a href="#">A1130</a>	72093
<a href="#">A4030C/A4030L</a>	72094
<a href="#">A6032</a>	71632
<a href="#">A6034S</a>	71633
<a href="#">A6034</a>	71634
<a href="#">A5060/A1163</a>	72095
<a href="#">A1115</a>	71757 (6M studs)
<a href="#">A1115</a>	71943 (4M studs)
