

# Alert Wristbands and Labels

Enable quick identification of special patient conditions with color-coded wristbands and labels from Zebra®. Our solutions enable compliance with state, regional and local color-coding standards for patient conditions such as allergy, DNR, fall-risk, latex-allergy and restricted limb.

## Spot Alert Labels

Spot-alert color-coded labels can be adhered to any wristband and feature a strong adhesive that causes the label to tear if tampered with. They are available in standard color and designation combinations to support the most critical patient conditions.

## Slim Alert Wristbands

These color-coded vinyl clip-closure wristbands are 0.625" x 10" and are pre-printed with patient conditions.

## Tyvek Alert Wristbands

These color-coded Tyvek® adhesive closure wristbands are 1" x 10" and are pre-printed with patient conditions.
